HYGIASTIKA.—A SPEEDY AND CERTAIN CURE FOR
In neuralgia, tie doloreux, toothache, nervous headache, and rheumatism in the head, and a sure preventive
of convulsions, or any other complaints attendant upon
early childhood during the period of teething, has been
discovered, and is now being successfully administered in
the form of a medicated necklace, to be worn next the
skin by the patient. An eminent German physician discovered the virtues of the valuable medicines of which
the beads of the necklace are made, and prescribed the
mode of application. The notice of the public is not,
therefore, called to a quack medicine, but to a medicament recommended by one of the most eminent of the
faculty, as peculiarly powerful in acting through the
pores of the skin directly upon the diseased or excited
nerves, affording, generally, instant, and always permanent relief, and effecting a permanent cure. Patients
who, at twenty-four hours trial of the medicated necklace, according to presscription, find no rollef, may, at the
close of that period, by immediately returning the same,
receive back their money.

THE MARRIED WOMAN'S PRIVATE MEDICAL COMpanion—By Dr. A. M. Mauriceau, Professor of Diseases of Women. Twentieth edition, leino, pp. 253. Fries, 51. Years of suffering, of physical and mental anguish, to many an affectionate wife, and pecuniary difficulties to the husband, might have been spared by a timely possession of this work. It is intended especially for the married, or those contemplating marriage, as it discloses important secrets which should be known to them particularly.

Here, also, every female—the wife, the mother—the one either budding into womanhood, or the other in the decline of years, in whom nature contemplates an impartant change, can discover the causes, symptoms, and the most efficient remedies, and the most certain mode of cure, in every complaint to which her sex is subject. (Extract of a letter from a gentleman in Bayton, Ohio.)

Dr. A. M. MAURICKAU, 129 Liberty street,

My Dear Sir—My wife has been perceptibly sinking fee some three years or more, in consequence of her great anguish and suffering some months before and during be confinement—every successive one more and mere debtigating and provirating her, putting her life in imminent danger, and which was, on the last occasion, despated of a supposed this state of things was inevitable, and resigned myself to meet the worst. At this time, (sew about two months,) I heard your book highly spekum of, es containing some matters reaching my case. On its recaipt and percusal, I cannot express to you the relief it afforded my distressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Dasomeaux provided a remedy. It opened a prospoot to me which il little conceived was possible. But for this, ere another year would have passed over my head, in all human probability my wife would have been in her grave, and my children motherless.

It is, of course, impracticable to convey more fally the serious subjects treated of, as they are of a n
